2. Suburbia And Progress

Wealth breeds a want for privacy, therefore as affluence reaches the mainstream suburbia blooms. The automobile provides the masses with the best of both worlds: The urban life when you want it, the country estate when you do not. The automobile *enabled suburbia*. It did not *force suburbia*. Therefore going back to the pre automobile city is a pipe dream.

Suburbia is the best way to give the masses the best of both the City and Country lifestyles. Therefore if your anti-suburb you are anti-progress.
